MMiP 42 Giant Monster

Instructions:

1. Score (red lines) and cut out the body with the border.
2. Fold where scored. Use this as an alignment guide when gluing the other side of the body to this.
3. Cut along the black outline of the image.
4. Cut where indicated for the slots for the lower body and upper body tentacles.

TOP HEAD PIECE

1. Score and cut out the head part.
2. Pre-fold and then glue the middle part. Do not glue the side tabs together.
3. Using the middle portion of the piece as a guide, gut out the excess rear and front portions.
4. Pre-fit the head cover part to the model adjusting where required.

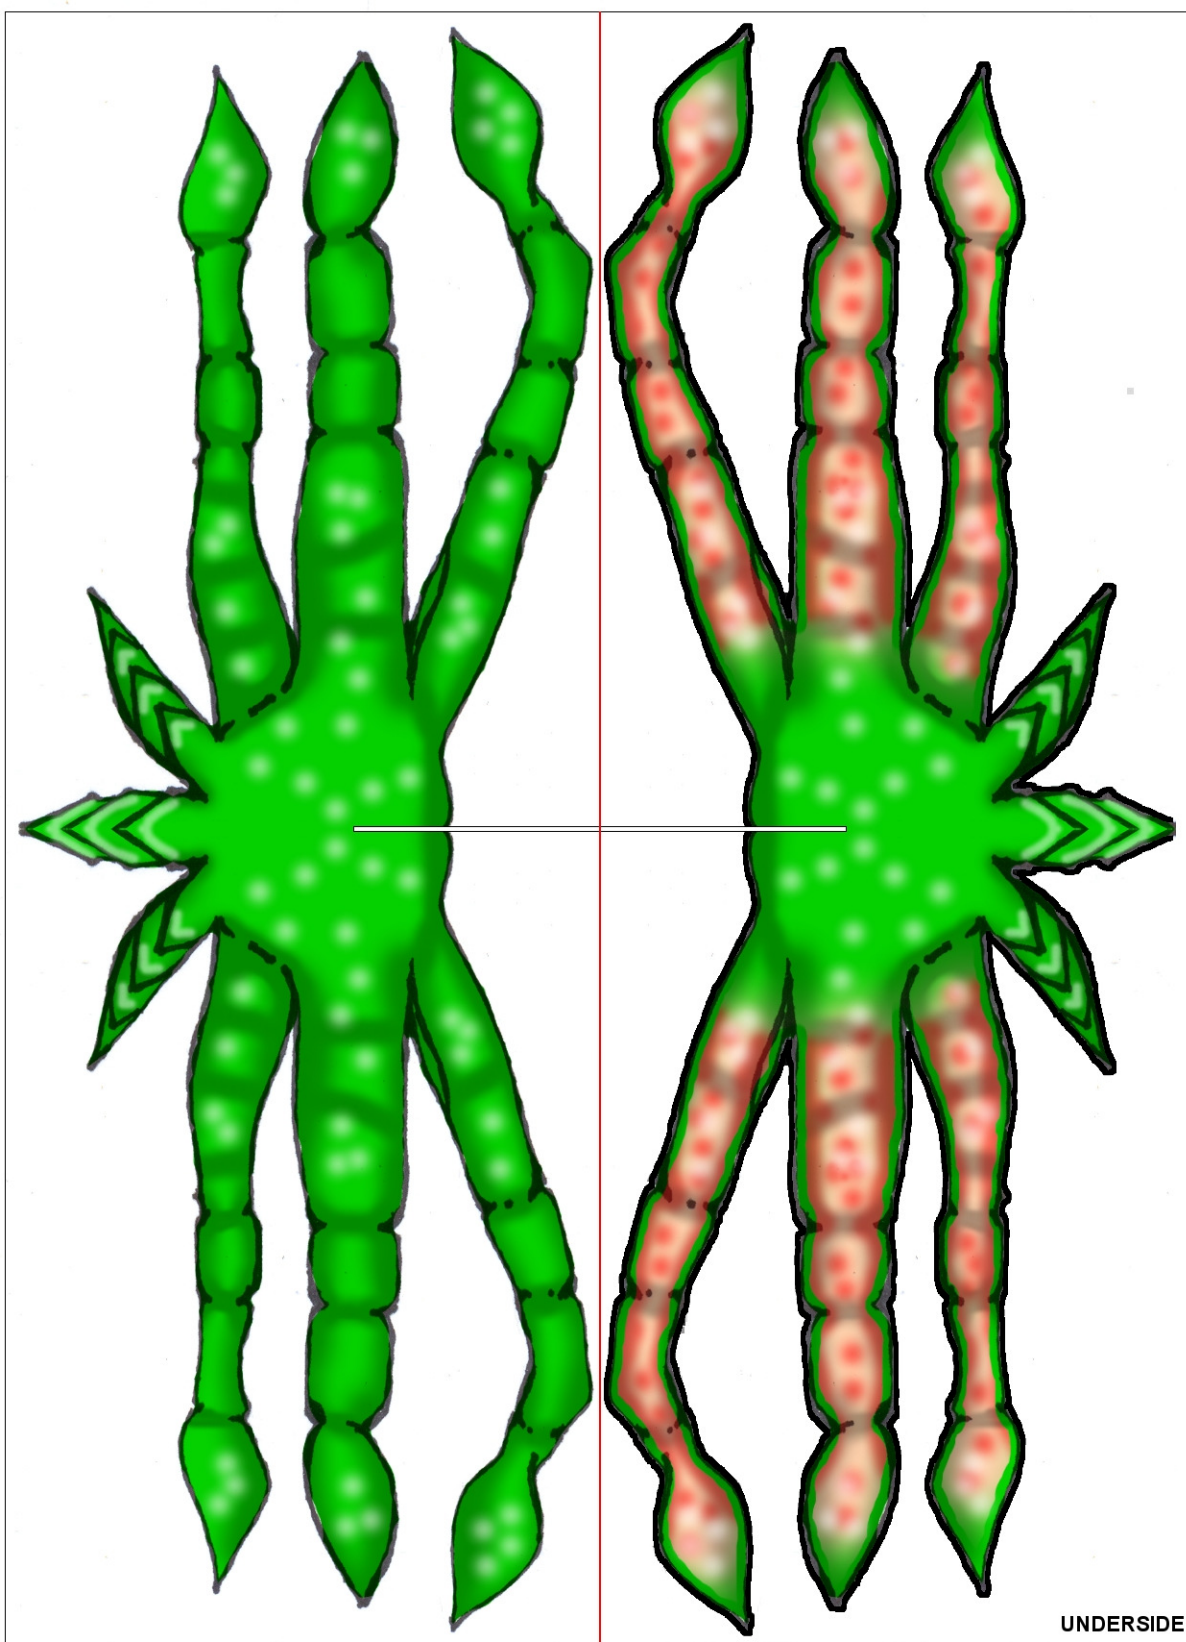

LOWER TENTACLE

1. Score along the red line then cut around the rectangular border.
2. pre-fold to check alignment, and then glue.
3. Cut out the area for the slot, and then cut along the outling of the the tentacle.
4. Bend the middle portion and then slot it into the body with the tentacle pointing to the rear at an angle.
